Technical Parameters

- Track gauge: 1435 mm
- Number of axles: 4 units
- Wheel diameter(NEW): 920 mm
- Length (over buffer): 26400 mm
- Width: 2825 mm
- Height: 4050 mm
- (coach) Min. track radius: 80 m
- (Train) Mine. Curve radius: 150 m
- Distance between pivots: 19000 mm
- Weight: 40.8 tons
- Max. service weight: 45.8 tons
- Max speed: 160 km/h
- Carrying capacity: 60
- Number of sanitary units: 2 units
- Axle load: 11.5 tons
